MEMORANDUM FOR THE RECORD

SUBJECT: Director's Conversation with Chairman Stennis

Today the Director told me that Senator Stennis (D., Miss.) had just called him and said that at the closed hearings of Armed Services Committee on the military procurement authorization bill (involving funds for non-U. S. forces in Laos) CIA had come out all right. Senator Stennis said they had "settled the matter" in Committee by not having any amendments to the bill, but he noted that amendments could come up on the floor.
